

Dan Fields, the WindowGuru
PRESENTS

GLASS RESTORATION

Glass restoration is one of the most profitable “Add-on” businesses for the window cleaning industry and you now have an opportunity to learn from one of the industry leaders.

Ready to expand your business and make some great money?

DON'T WAIT – Start offering your clients Glass Restoration Services.

Spend time with the Window Guru and learn how you can benefit from learning “Glass Restoration” and the many benefits to offering this service to your clients.

Before investing a lot of time and money in ANY Glass Restoration System, learn what Glass Restoration is all about and how you can turn a small investment into a very profitable business. And, this new business can be easily expanded into several other related businesses.

This seminar will also cover discussions on:

- Hard Water Spot Removal and methods for removing.
- What exactly is “Tin Etch Haze” and how to prevent or remove it easily
- Minor scratch removal (light scratches and metal marks)
- Tempered Glass Defects – Waivers and precautions
- Excess scratch removal (tempered glass scratching)
- Graffiti Removal (major scratch and acid etch damage)

Additional Money Makers:

- Anti-Graffiti Film Application
- Hard Water Spot Removal and Glass Sealant
- Window Frame Restoration and Treatment

Space will be limited,
so you must register to attend, but the
seminar is complimentary.

Learn About:

- Glass Types
- Glass Damage
- Glass Coatings
- Glass Distortion & Breakage
- Glass Restoration Systems
- Glass Restoration Procedures
- Customer Expectations
- Marketing and Pricing a job
- Hands on demonstrations
- And much much more....

September 22, 2011
1:00 pm – 4:00 pm
