1 Identification of the substance/mixture and of the company/undertaking 1.1 Product identifier Page 1/11 Trade name: DSR-5 Silicone & Adhesive Remover Application of the substance / the preparation Silicone and Adhesive Remover · 1.3 Details of the supplier of the Safety Data Sheet Manufacturer/Supplier: So-Brite Chemicals International, Inc. 6413 Carmella Way, Sarasota, Florida 34243 Tel (941) 753-5669 Further information obtainable from: Product Safety Department · 1.4 Emergency telephone number: ChemTel Inc. (800)255-3924, +1 (813)248-0585 2 Hazards identification · 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 GHS02 flame Flam. Liq. 3 H226 Flammable liquid and vapour. GHS08 health hazard Asp. Tox. 1 H304 May be fatal if swallowed and enters airways. GHS07 Eye Irrit. 2 H319 Causes serious eye irritation. Classification according to Directive 67/548/EEC or Directive 1999/45/EC Xn; Harmful Harmful: may cause lung damage if swallowed. R65: Xi; Irritant R36: Irritating to eyes. R10: Flammable. · Information concerning particular hazards for human and environment: The product has to be labelled due to the calculation procedure of the "General Classification" guideline for preparations of the EU" in the latest valid version. Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company

4 First aid measures

· 4.1 Description of first aid measures

General information:

Immediately remove any clothing soiled by the product.

Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.

- After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact:

Immediately wash with water and soap and rinse thoroughly.

(Contd. on page 4)

If skin irritation continues, consult a doctor. After eye contact: Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. After swallowing: Do not induce vomiting; call for medical help immediately. A person vomiting while laying on their back should be turned onto their side. Rinse out mouth and then drink plenty of water. 4.2 Most important symptoms and effects, both acute and delayed Breathing difficulty. Hazards Danger of pulmonary oedema. Danger of pneumonia. 4.3 Indication of any immediate medical attention and special treatment needed. If swallowed or in case of vomiting, danger of entering the lungs. 5 Firefighting measures 5.1 Extinguishing media Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water. For safety reasons unsuitable extinguishing agents: Water 5.2 Special hazards arising from the substance or mixture. No further relevant information available. 5.3 Advice for firefighters	Trade name: DSR-5 Silicone & Adhesive Remover	Page 4/1
Remove contact lenses if worn. Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. • After swallowing: Do not induce vomiting; call for medical help immediately. A person vomiting while laying on their back should be turned onto their side. Rinse out mouth and then drink plenty of wate. • 4.2 Most important symptoms and effects, both acute and delayed Breathing difficulty • Hazards Danger of pulmonary oedema. Danger of pneumonia. • 4.3 Indication of any immediate medical attention and special treatment needed If swallowed or in case of vomiting, danger of entering the lungs. 5 Firefighting measures • 5.1 Extinguishing media • Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water. • For safety reasons unsuitable extinguishing agents: Water • 5.2 Special hazards arising from the substance or mixture. No further relevant information available. 	Wear self-contained respiratory protective device. Wear fully protective	suit

6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Wear protective equipment. Keep unprotected persons away. Particular danger of slipping on leaked/spilled product.

Keep away from ignition sources. Ensure adequate ventilation

6.2 Environmental precautions:

Prevent from spreading (e.g. by damming-in or oil barriers). Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.

6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

Printing date 01.06.2015 Trade name: DSR-5 Silicone & Adhesive Remover Page 8/11 **Primary irritant effect:** on the skin: No irritant effect. on the eye: Irritating effect. **Sensitization:** No sensitizing effects known. Additional toxicological information: The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version: Irritant 12 Ecological information 12.1 Toxicity Aquatic toxicity: No further relevant information available. 12.2 Persistence and degradability Moderately /partly biodegradable 12.3 Bioaccumulative potential May be accumulated in organism · 12.4 Mobility in soil No further relevant information available. **Ecotoxical effects:** Remark: The product is oxygen-consuming. The declared action may be partly caused by lack of oxygen. Due to mechanical actions of the product (e.g. agglutinations) damages may occur. Additional ecological information: General notes: Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system. 12.5 Results of PBT and vPvB assessment **PBT**: Not applicable. vPvB: Not applicable. 12.6 Other adverse effects No further relevant information available. 13 Disposal considerations 13.1 Waste treatment methods Recommendation Can be burned with household garbage after consulting with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations. Smaller quantities can be disposed of with household waste. Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations.

(Contd. on page 9)

Recommended cleansing agents: Water, if necessary together with cleansing agents.
